

Softball America

Dear SBA Managers,

Our league statisticians have been having trouble with keeping accurate stats because some teams are not putting last names on the line-up sheets. If you don't put last names, one of your players might be put down as only playing 2 games instead of 3 and won't be eligible for playoffs. Here is a line-up sheet you can fill out and hand in every week. You need to put players first and last name, player's number(if they have one), if they are an eddie(coed leagues only), and positions for all 7 innings. The top half give to the scorekeeper to keep and the bottom you keep. Please use this sheet every game. If you want me to email you this spreadsheet, so you always have it, my email is goose2280@hotmail.com. Let me know if you have excel or wordperfect. Please be respectful of our scorekeepers and league statisticians and use this form. Thank you for your time.
